## MEDIA RELEASE

# BELVÉDÈRE ASSET MANAGEMENT AG – CHANGES IN BOARD OF DIRECTORS

**Glarus, 9<sup>th</sup> July 2021 – At its last annual general meeting, Belvédère Asset Management AG made changes to its Board of Directors. Rolf Bögli, an asset management expert, has joined the Board. Peter Sechler and David Garcia, both of whom have been instrumental in the company's favourable development over the recent years, have stepped down from the Board.**

Rolf Bögli has many years of experience in banking and asset management. He has held various senior management positions at UBS and Credit Suisse, including Head of Private Banking Switzerland at CS. Since 2014, Rolf Bögli has been acting as an independent strategy consultant, serving – among others – family offices and independent asset managers.

Chairman of the Board Florian Marxer considers Rolf Bögli as the ideal candidate: "Belvédère is on a growth path. Rolf Bögli has regularly supported us in strategic projects for more than five years and is therefore thoroughly familiar with the company. He is the ideal new member to strengthen our Board of Directors."

As Vice Chairman and shareholder of Belvédère, Peter Sechler added decades of experience and expertise in customer service to the Board of Directors. He will remain with the company and continue to serve our clients. David Garcia, founder and Chairman of Fundamenta Group Holding, made a significant contribution as a member of the Board of Directors, specifically in matters concerning strategy and marketing. "Both outgoing members of the Board of Directors have rendered most valuable services to Belvédère and earned our profound gratitude," says Florian Marxer.

The Board of Directors of Belvédère Asset Management AG now consists of Florian Marxer (Chairman), Martin Landolt (new Vice Chairman) and Rolf Bögli (Member).

### ABOUT US

Belvédère Asset Management AG, headquartered in Glarus and with offices in Zurich and Pfäffikon SZ, offers its private and institutional clients tailor-made solutions in asset management, family office services and management of art collections.
